### Features Key:

- FIFA 22 introduces "HyperMotion Technology," which uses motion capture data collected from 22 real-life players playing a complete, high-intensity football match in motion capture suits. The data collected from player movements, tackles, aerial duels and on-ball actions is used to power FIFA 22 gameplay.
- More than 1,100 classic players – including six new legends – make their Football Manager debut in the game. New features like Goalkeeper Save review, Legible Ball Match Data, more Smart Saves and Vision Closers mean football matches are interspersed with useful information to make them more satisfying. Even your goalkeepers. Play to their strengths with the new Save Pressure feature. Simply hold down the "V" button to check how your goalkeeper is holding the ball and see how close they are to a penalty.
- Discover a completely re-designed Tactics Screen.
- Join up to six friends on your favourite game mode, create dynamic squads, and go into battle together. Share player matches and take part in momentous events.
- New save system that lets you recall a game to any point and be rewarded for all the little decisions you make. Better players have more saves too – meaning you can try again and play closer to your best.
- New GameModes – Ultimate Team will use in-depth logic to rank your favourite players, while three all-new game modes test your footballing mettle. Now, you can test your skills as a defender in Elimination games, search for the striker's top form in a cup competition, or compete with your team in league and cup knockout rounds.
- Revamped Career Mode. You'll now learn directly by playing, with more depth in your development and new strategy options through position.
- 20 clubs are available to manage directly from the Class of the Game. With more World XI slots and more varied training techniques available, management will feel more involved and varied.
- New features, including improved presentation and menus, along with support for 4K displays.
