The meeting was convened following a request by the country and the African Union to be represented at the UNGA. The Security Council and the Security Council to hold a special meeting on March 15th to discuss the situation in the Democratic Republic of Congo. According to analysts the United Nations Security Council's resolution is the only one, which has provided a direct invitation for the participation of the countries, which are directly involved in the conflict. The meeting was attended by Secretary-General Antonio Guterres, Secretary-General for Political Affairs Adama Dieng and United Nations Representative to the Democratic Republic of Congo Marta Hurtado. The issue of the Democratic Republic of Congo has been brought to the UNGA's agenda for the first time. Since the beginning of the armed conflict in eastern of the country, the General Assembly has adopted several resolutions on the matter. In March 2016, the UN Security Council adopted resolution 2145 under Chapter VII of the UN Charter, which called for restraint on all parties. The resolution also called for the strengthening of the rule of law and a political solution in the country. According to the General Assembly's observation mission to the eastern part of the country, the violence and impunity, that have been used against civilians, has intensified over the past six months.1. Field of the Invention The present invention relates to the field of semiconductor integrated circuit manufacturing, and more particularly to the formation of a dielectric layer in a semiconductor device. 2. Discussion of Related Art Integrated circuits are mass produced by fabricating thousands of identical circuit patterns on a single semiconductor wafer. Each pattern represents an
